Shreveport Society for Nature Study

BIRD STUDY GROUP NEWSLETTER

Volume 22, Number 1 September 6, 2007

Next Meeting- September 11, 2007

A View of Wallace's Line

by Mac Hardy

SEPTEMBER PROGRAM

When: Tuesday, September 11, 2007, 6:30 p.m.
Where: LSU in Shreveport Museum of Life Sciences

The program will be a brief commentary on Mac's recent trip to parts of Borneo, Malaysia, and Indonesia.

UPCOMING FIELD TRIPS AND EVENTS

9th ANNUAL HAYNESVILLE CELEBRATION OF BUTTERFLIES
Claiborne Parish Fairgrounds, Haynesville, LA
Saturday, September 15, 2007, 9:30 a.m. - Until

HAWK WATCH AND BARBECUE
Hubert and Pat Hervey's Farm in Stonewall, Louisiana
Saturday, September 22, 2007, 9:00 a.m. - Until
Trip Leader – Hubert Hervey, hawkeyehub@att.net, 925-9249
Coordinator – Nancy Menasco, nmcpa@aol.com, 868-3255

27th ANNUAL BAYOU BODCAU WILDLIFE AND FORESTRY FESTIVAL
Tom Merrill Recreation Area, Bayou Bodcau Dam and Reservoir, near Bellevue, LA
Saturday, September 22, 2007, 10:00 a.m.-4:00 p.m.
THE BIG SIT!
Sunday, October 14, 2007, Before Dawn 'til After Dark
Coordinator – Nancy Menasco, nmcpa@aol.com, 868-3255

RED RIVER NATIONAL WILDLIFE REFUGE
3rd ANNUAL REFUGE CELEBRATION
Red River National Wildlife Refuge Headquarters Unit, Bossier City
Saturday, October 20, 2007, 8:00 - 3:00 p.m.
Contact – Nancy Menasco, 868-3255, nmcpa@aol.com

LOUISIANA ORNITHOLOGICAL SOCIETY FALL MEETING, CAMERON PARISH, LA
FRIDAY, OCTOBER 26 – SUNDAY, OCTOBER 28, 2006

More details on page 2

BIRD STUDY GROUP PHONE NUMBERS AND MORE

Meetings……Second Tuesday of each month, September through June, 6:30 p.m.
Information & Bird Alert by Phone……(318) 797-5338

UPCOMING FIELD TRIPS AND EVENTS
by Nancy Menasco

Beginning birders are welcome on all field trips. Membership in the BSG is encouraged but is not required for participation in field trips. Field trips will **LEAVE** the designated meeting place at the time posted for each field trip. Plan to arrive early for field trip orientation and any carpooling/caravanning arrangements.

What to bring on field trips: binoculars, two-way radios, scope, if you have one, snacks, and drinks. Unless otherwise noted, field trips will take place rain or shine, so bring rain gear if the weather's threatening.

9th ANNUAL HAYNESVILLE CELEBRATION OF BUTTERFLIES
Claiborne Parish Fairgrounds, Haynesville, LA
Saturday, September 15, 2007, 9:30 a.m. - Until
HCOB Director – Loice Kendrick-Lacy, 870-234-4910, lklacy@magnolia-net.com

The festival opens with the Butterfly Parade and concludes in the evening with country, gospel, and bluegrass music. Felder Rushing, gardener, author, and host of Mississippi public radio's "The Gestalt Gardener," returns to this year's festival as does native plant expert and author, Dr. Charles Allen, and Claiborne Parish County Agent, Robin Bridges. Self-taught naturalist Roy Bott will present the topic "Botanical names simplified and plant identification." Dr. Lelia Kelly of the North Mississippi Research and Extension Center rounds out the list of speakers with presentations on landscaping tips and herb gardening. Other highlights include sales of butterfly-related items, take-home butterfly towers, a water conservation display trailer, and a butterfly quilt raffle. Admission is $2 for adults; $1 for children 6-18. A downloadable brochure with the complete schedule is available on the festival website at:
www.claiborneone.org/haynesville/butterfly.html.

HAWK WATCH AND BARBECUE
Hubert and Pat Hervey's Farm in Stonewall, Louisiana
Saturday, September 22, 2007, 9:00 a.m. - Until
Trip Leader – Hubert Hervey, hawkeyehub@att.net, 925-9249
Coordinator – Nancy Menasco, nmcpa@aol.com, 868-3255

Join us for our annual hawk watch and barbecue. The hawk watch will begin at 9:00 a.m. Bring binoculars, scope if you have one, lawn chair, hat, sunscreen, drinks. Lunch will be served around noon. Meat, plates, napkins, utensils, and condiments will be provided by the BSG. **Please RSVP to Nancy Menasco by Thursday, September 27, if you're planning on joining us for lunch. Bring a side dish, salad, or dessert to share.** If you find at the last minute that you will be able to attend, come on out; you won't go hungry.

How to get there: Go south on Linwood Road. Go a couple of miles into DeSoto Parish, pass a Quick Stop (not the name of it but the type of grocery store it is) on the left and turn right onto Ranchette Road. Go one mile, turn left at the T. This is Missile Base Road. Go almost a mile and turn left over the cattle guard that enters the farm. The sign says Hervey Dairy Road. The Hervey house is the first house on the left at the top of the hill.

27th ANNUAL BAYOU BODCAU WILDLIFE AND FORESTRY FESTIVAL
Tom Merrill Recreation Area, Bayou Bodcau Dam and Reservoir, near Bellevue, LA
Saturday, September 22, 2007, 10:00 a.m.-4:00 p.m.

This festival, sponsored by the U.S. Army Corps of Engineers and the Louisiana Department of Wildlife and Fisheries, celebrates National Hunting and Fishing Day and National Public Lands Day. Festival events and exhibits include turkey calling, nature hikes, falconry, arts and crafts, canoeing, sawmilling, shooting, and youth fishing, among others. For more information on the festival, call 318-949-1804, Ext. 101. Admission is free.

THE BIG SIT!
Sunday, October 14, 2007, Before Dawn 'til After Dark
Coordinator – Nancy Menasco, nmcpa@aol.com, 868-3255
Details will be in the October issue of the newsletter.

RED RIVER NATIONAL WILDLIFE REFUGE
3rd ANNUAL REFUGE CELEBRATION
Red River National Wildlife Refuge Headquarters Unit, Bossier City
Saturday, October 20, 2007, 8:00 - 3:00 p.m.
Contact – Nancy Menasco, 868-3255, nmcpa@aol.com

The Red River Refuge Alliance (the RRNWR Friends group) and the U.S. Fish and Wildlife Service are sponsoring the third annual refuge celebration and catfish fry at the Red River NWR Headquarters unit. There is no charge and the public is invited. Activities will include nature walks and refuge tours; falconry demonstrations; programs on dragonflies, creepy crawlers, and the like; bird banding; activities for children; and a photography contest for adults and children. More information will be in the BSG October newsletter.

Directions to the refuge: From the intersection of US 71 (Barksdale Boulevard) and Jimmie Davis Highway (LA 511) in Bossier City, go south about one-half mile on US 71 and turn right (west) on Sunflower Road. Proceed to the end of the road; the gravel/dirt road through the gate across the cattle gap leads into the refuge. There will be signs leading to the celebration site.

LOUISIANA ORNITHOLOGICAL SOCIETY
FALL MEETING, CAMERON PARISH, LA
Friday, October 26 – Sunday, October 28, 2006

After two-and-a-half years, LOS returns to Cameron Parish! The Cameron Motel is open and has about 50-60 rooms. The next closest lodging is in Lake Charles. The Friday and Saturday night meetings will be held in Creole. Information and registration forms for the annual fall meeting are or will be available at the Louisiana Ornithological Society website at: http://losbird.org/meeting.htm.

Membership in LOS is not required to participate in any of the LOS meetings, but you are encouraged to join to support the activities of our state society. Annual dues are $20 for a regular membership and $25 for a family membership. LOS is for birders of all levels, amateur or professional. Three meetings are held each year with programs on Friday and Saturday nights, organized field trips on Saturday and, for the winter meeting, also on Sunday, and a banquet on Saturday night. The spring meeting is the last weekend in April; the fall meeting is the last weekend in October; and the winter meeting is held in different locations around the state, usually the last weekend in January.

WILD BIRD CENTER EVENTS

Beginner Bird Walks
Saturday, September 1 and 15, October 6, 2007, 8:00-10:00 a.m.

The Wild Bird Center conducts field trips the first and third Saturday of every month, weather permitting. Meet at the store in the University Place Shopping Center (also known as the Target Shopping Center) at the corner of Youree Drive and East 70th Street. Destinations vary according to local sightings and may include local parks, country roads, or a great backyard. Loaner binoculars are available. Join Dennis at the Red River National Wildlife Refuge Celebration on October 20.

Wild Bird Center Anniversary Celebration
Saturday, September 8, 2007, 10:00 a.m.-6:00 p.m.

Drop by for in-store sales and register for prizes. For more information on any Wild Bird Center event, call Dennis or Janice Forshee at the Wild Bird Center, 318-797-BIRD (2473).

BIRDING MAINLAND AND COASTAL AREAS OF ALASKA IN JUNE 2007

By Jay Huner

Common Redshank at Homer Spit was the bird of the trip for my first birding trip to Alaska. This was the first record of Common Redshank in Alaska. However, this species was "plain" compared to species like Spectacled and King Eiders and the diminutive Bluethroat.

I joined a group of seven avid birders in Anchorage on June 15, 2007 and departed on June 30, 2007 after finding 154 state birds, 32 life North American birds, and 88 year birds. Our trip was organized by the Galveston Ornithological Society and led by naturalist Jim Stevenson.

Destinations included Denali National Park, Fairbanks, Dead Horse at Prudhoe Bay, Anchorage and Cook Inlet with its massive mud flats and 20 foot plus tides, the Kenai Peninsula, Homer Spit, and Seward. We crossed the Yukon River and traveled several hundred miles along the great Alaskan pipeline that originated in the tundra at Prudhoe Bay. Our adventure included a ruined tire 40 miles south of Dead Horse with the next "service station" being located at Cold Foot at the southern base of the Brooks Range. While changing the tire, we saw large animals moving toward us in the distance. Naturally, we were concerned about bears but

were relieved to find that a herd of Musk Oxen was approaching!

This was a birding trip but we saw glaciers, mountain peaks, tundra, taiga forest, and many other scenic landscapes. We had no close encounters with bears but did have to "back off" from a young bull Moose. The impressive mammals we found included Brown (Grizzly) Bear, Caribou, Musk Ox, Moose, Dall Sheep, Killer Whale, Humpback Whale, Sea Lion, Harbor Seal, Sea Otter, Porcupine, Arctic Fox, and Red Fox along with various squirrels and a weasel. We missed finding wolves but I personally was impressed with how fast a Porcupine could get off a road when we almost hit one in a curve north of Denali National Park.

The bus trip into Denali National Park was certainly a naturalist's treat. We were especially pleased to have good looks at not only the "expected" large mammals but also Rock Ptarmigans, Alaska's state bird, and two Northern Shrikes and first encountered American Tree and Golden-crowned Sparrows.

Our journey from Fairbanks to Dead Horse took over 20 hours with much of the road being gravel and rough, a problem in a 12 passenger Ford van with very tight suspension. Jim constantly scanned the sky and tops of spruce trees for birds. Even though I was in a back seat, I managed to find our first Bohemian Waxwing on top of a spruce. Because we had such a long trip to Dead Horse, we did not stop very often but found Northern Wheatear and Gray-crowned Rosy-Finch as we passed through the Brooks Range and about 2 and a half hours out of Dead Horse, we stopped at a dip and found two stunning male Bluethroats, one of which was located because it mimicked Jim's "squeaking" on the opposite side of the road. It was very interesting to find Long-tailed Jaegers patrolling the tundra far from the open sea where most birders add them to their life lists. As we approached Dead Horse, a Bar-tailed Godwit burst from the tundra and flew parallel to us long enough to provide good views.

There is almost no night that far north in June and we arrived at Dead Horse with plenty of light. Buildings are set on gravel pads in the tundra that, except for the snow and ice still present, looks just like an oil field in Louisiana's coastal marsh. Pools and ponds are everywhere there and the first birds we found were Spectacled and King Eiders along with Long-tailed Ducks. All drakes were in spectacular breeding plumage. And, nothing really topped the those birds, in my opinion, although Tufted and Horned Puffins that we later encountered in the Seward and Homer Spit areas later in the trip.

The ducks were still present the next day along with other northern specialty birds. We found Common, Red-necked, and Pacific Loons, Glaucous Gulls, Yellow Wagtails, and Snow Buntings. Red-necked Phalaropes were literally all over the place.

Gyrfalcons, Rough-legged Hawks, and Horary Redpolls were specialty birds that we found north of the Brooks Range on the way to and from Dead Horse. Huge herds of caribou grazed close to the highway within 50 miles of Dead Horse, going and coming.

Despite our tire problem, we had enough time at a rest stop at the Yukon River to see Lesser Yellowlegs in the tops of the stunted spruce trees there. They obliged us with their breeding displays and calls. Later, we found a Northern Hawk Owl that perched on top of a spruce and gave us excellent views with spotting scopes and binoculars.

While in the McLaren River area near the origin of the Denali Highway, we had the good fortune to find numerous Arctic Warblers at higher elevation in mountain tundra with good numbers of breeding Wilson's Warblers. Then, at somewhat lower elevations we found several Smith's Longspurs including a male in breeding plumage. We viewed and some photographed the bird over a 10 minute period from a distance of about 30 feet.

After our long reverse trip to Anchorage from Dead Horse we spent almost a week in the Kenai Peninsula area working the national forest lands, coastal areas, and making two boat trips, one short one to "bird rocks" at Homer Spit and another from Seward through Resurrection Bay to the glacier at Kenai Fjord and out to the bird colonies at the Chiswell Islands. The Seward area provided good views of the striking Harlequin Ducks.

Special birds, to me, besides the two puffin species and the Common Redshanks at Homer Spit were a lone Fork-tailed Storm-Petrel and a Yellow-billed Loon, both lifers, Northwestern Crow, and both Red-faced (a lifer) and Pelagic Cormorants. Large flocks of Common Murres and Black-legged Kittiwakes were constantly in view. Jim took us to a wildlife viewing area near the air base at Homer where we found a small breeding colony of Aleutian Terns, a treat after seeing hundreds of Arctic Terns on the trip. We also found a "rare" (for Alaska)

male Red-winged Blackbird! Fishermen would have appreciated the huge Halibut at the docks at the harbor.

Forest birds that I was pleased to view (and hear) included Three-toed Woodpeckers, Spruce Grouse, and Varied Thrush. We found a hen Spruce Grouse with its chicks running along a road just after we had viewed and heard several Three-toed Woodpeckers. I was impressed by the ability of the small, hand-sized chicks to fly from the ground and find shelter in nearby trees and bushes. While I had seen several Varied Thrushes in Oregon a year ago, I had never heard their unique bell-toned call. Once heard, it is a call that no one will ever forget. Townsend's Warblers were reasonably common and we had a number of good views of these colorful yellowish warblers. Pine Grosbeaks were somewhat difficult to find but once found, were remarkably approachable and viewable. We searched for White-winged Crossbills and Chestnut-sided Chickadees at different locations on several days. We finally found one chickadee but never found a crossbill although Jim insisted a distant, flying bird was a crossbill.

Along the Kenai coast at Anchor Point we watched several dozen Bald Eagles dispute ownership of halibut offal with far more numerous Glaucous-winged Gulls. Those eagles are "no big thing" for Alaskans! Watching the gull flocks closely allowed us to locate Mew, Thayer's, and Slaty-backed Gulls as well. Because of the extreme tidal range there, we watched large, high-wheeled tractors launch and recover fishing boats from the beach.

Trip Conclusion

We visited the world famous Potter Marsh area a total of four times, twice while in Anchorage and twice going/coming from the Kenai area including 30 June at the conclusion of our trip. The marsh walk ways, unfortunately, were closed for maintenance so we had to "catch as catch can" from roadside pull outs along a very busy two lane "main" highway. Lifers were few but there were plenty of "trip" birds encountered there.

We were too early for salmon runs there or, for that matter, most other locations except for one at the state's fish hatchery in Anchorage on the last day where we watched our only American Dipper feeding near 15-20 pound King Salmon waiting to be allowed to get into the hatchery where they had been hatched and nurtured some years earlier.

In hopes of possibly finding White-winged Crossbills we drove to a high altitude park in the mountains overlooking Anchorage in early afternoon on the 30th. We were foiled, however, by the poor spruce cone crop across the region. However, the last new bird of the trip was perched on a power line about half way down, a Townsend's Solitaire.

Some Other "Special Birds":

Tundra and Trumpeter Swans
Eurasian Wigeon
Surf, White-winged, and Black Scoters
Common and Barrow's Goldeneye
Red-breasted and Common Mergansers
Golden Eagle
Black Oystercatcher
Pigeon Guillemot
Marbled and Ancient Murrelets
Cassin's Auklet
Olive-sided, Alder, and Hammond's Flycatchers
Say's Phoebe
Gray and Steller's Jays
Common Raven
Violet-green Swallow
Black-capped and Boreal Chickadees
"Singing" Gray-cheeked, Swainson's, and Hermit Thrushes
Common Redpoll

Alaskan Bird List - 2007
Jay Huner

Greater White-fronted Goose
Canada Goose
Cackling Goose
Brant
Tundra Swan
Trumpeter Swan
Gadwall
Eurasian Wigeon
American Wigeon
Mallard
Northern Shoveler
Northern Pintail
Green-winged Teal
Canvasback
Ring-necked Duck
Greater Scaup
Lesser Scaup
Common Eider
Spectacled Eider
King Eider
Harlequin Duck
Surf Scoter
White-winged Scoter
Black Scoter
Long-tailed Duck
Bufflehead
Common Goldeneye
Barrow's Goldeneye
Common Merganser
Red-breasted Merganser
Ring-necked Pheasant
Spruce Grouse
Willow Ptarmigan
Red-throated Loon
Pacific Loon
Common Loon
Yellow-billed Loon
Horned Grebe
Red-necked Grebe
Eared Grebe
Short-tailed Shearwater
Fork-tailed Storm-Petrel
Pelagic Cormorant
Red-faced Cormorant
Double-crested Cormorant
Osprey
Bald Eagle
Northern Harrier
Red-tailed Hawk
Rough-legged Hawk
Golden Eagle
American Kestrel
Merlin
Peregrine Falcon
Gyrfalcon
Sandhill Crane
American Golden-Plover
Semipalmated Plover
Black Oystercatcher
Greater Yellowlegs
Lesser Yellowlegs
Common Redshanks
Spotted Sandpiper
Whimbrel
Bar-tailed Godwit
Hudsonian Godwit
Semipalmated Sandpiper
Baird's Sandpiper
Stilt Sandpiper
Pectoral Sandpiper
Short-billed Dowitcher
Long-billed Dowitcher
Wilson's Snipe
Red-necked Phalarope
Parasitic Jaeger
Long-tailed Jaeger
Bonaparte's Gull
Mew Gull
Herring Gull
Thayer's Gull
Slaty-backed Gull
Glaucous Gull
Glaucous-winged Gull
Black-legged Kittiwake
Arctic Tern
Forster's Tern
Aleutian Tern
Common Murre
Pigeon Guillemot
Marbled Murrelet
Ancient Murrelet
Cassin's Auklet
Horned Puffin
Tufted Puffin
Rock Pigeon
Great Horned Owl
Short-eared Owl
Northern Hawk Owl
Belted Kingfisher
Three-toed Woodpecker
Northern Flicker
Olive-sided Flycatcher
Alder Flycatcher
Hammond's Flycatcher
Say's Phoebe
Northern Shrike
Black-billed Magpie
Gray Jay
Steller's Jay
Northwestern Crow
Common Raven
Horned Lark
Tree Swallow
Violet-green Swallow
Bank Swallow
Cliff Swallow
Barn Swallow
Black-capped Chickadee
Chestnut-backed Chickadee
Boreal Chickadee
Red-breasted Nuthatch
Winter Wren
American Dipper
Ruby-crowned Kinglet
Bluethroat
Northern Wheatear
Townsend's Solitaire
Gray-cheeked Thrush
Swainson's Thrush
Hermit Thrush
American Robin
Varied Thrush
Yellow Wagtail
American Pipit
Bohemian Waxwing
Arctic Warbler
Orange-crowned Warbler
Yellow Warbler
Chestnut-sided Warbler
Yellow-rumped Warbler
Townsend's Warbler
Northern Waterthrush
Wilson's Warbler
American Tree Sparrow
Savannah Sparrow
Fox Sparrow
Song Sparrow
White-crowned Sparrow
Golden-crowned Sparrow
Dark-eyed Junco
Lapland Longspur
Smith's Longspur
Snow Bunting
Red-winged Blackbird
Gray-crowned Rosy-Finch
Pine Grosbeak
Common Redpoll
Hoary Redpoll
Pine Siskin

Reported by Others:

White-tailed Ptarmigan
Red Phalarope
Thick-billed Murre
Rhinocerus Auklet
Rufous Hummingbird
Downy Woodpecker
Hairy Woodpecker
House Wren
Blackpoll Warbler
White-winged Crossbill

MINUTES OF THE JUNE BOARD MEETING
June 5, 2007
Museum of Life Sciences at LSUS

Board members participating in the meeting were Mac Hardy, Ron Martin, Susan Martin, Jeff Trahan, Nancy Menasco, Amanda Crnkovic, Jim Ingold, Jean Trahan, and Hubert Hervey. Jerry Bertrand was also present.

Board Members – Mac Hardy who is chair of the nominating committee said that Rosemary Seidler, Susan Martin, Ron Martin, Nan Franks and Nancy Menasco will be rotating off of the board. Also Michele Andrews has resigned from the board, so a total of six board members will be needed. Past board members Rosemary Seidler, Jerry Bertrand, Bill Hall and Nancy Menasco have agreed to serve on the board. Club members who have not previously served on the board and have agreed to serve are John Dillon and George Dean. These names will be submitted to the membership at the next regular meeting. These nominations must be approved by the membership. The board then discussed possible officers for next year.

Program – Ron Martin said that next week's program for the regular meeting would be experimental. It will be a plant sale and must be advertised.

Hot Spots – Ron Martin has invoiced the ABA for $75.00 for 25 copies of the Hot Spots that were to be sold by the ABA at the spring meeting of the ABA in Lafayette, LA.

Brochure – Mac Hardy said that the club has no more brochures and that he often gets requests for them. Mac volunteered to develop a new brochure and produce an examination copy.

Treasurer's Report –Jean Trahan reported that for the month ending May 30, 2007, the club had $3,141.66 in the bank. In addition, we had $185.20 and $333.08 in prepaid expenses at the post office and LSUS printing, respectively. The fund balance is $3,659.94.

Newsletter – The board spent the rest of the meeting folding newsletters.

TREASURER'S REPORT: MAY, 2007

Shreveport Society for Nature Study, BSG
Statement of Financial Position

Month ending: April 30, 2007	
Cash	$3,141.66
Prepaid Expense:	
Postage	185.20
Printing	333.08
Total Assets	$3,659.94
Fund Balance	$3,659.94
Income Statement for May, 2007	
Auction	$580.30
Gifts	30.00

BSG
T-shirts and Patches

BSG t-shirts and patches are in and can be purchased at the LSUS Museum of Life Sciences. T-shirts are available in stonewashed green or stonewashed blue at $10.00 each; patches are $5.00 each.

DUPLICATE BIRD RECORDS

by Mac Hardy

I sincerely apologize to all of our BSG Newsletter readers about the mistake in the last newsletter. All of the bird records in volume 21, number 5 (the last issue of that volume) were the records from volume 20, number 10. There were no errors in the data. In this issue (volume 22, number 1) we present two Bird Reports: the correct volume 21, number 5 report and the current volume 22, number 1 report. I am sorry for the inconvenience and confusion that this must have caused.

BIRD REPORT – *compiled September 4, 2007*

Use the bird report to see what other birders have been seeing and where to go find the bird you want to see. Observers are abbreviated by the first and last initials. Dates and localities of observations are summarized under the observer's initials. Sightings are arranged by species. Following each species is a line of data in the following format: date, initials of the observer, number of birds observed, initials of another observer, number of birds they observed, etc. For the number of birds observed, a 1 is used for both 1 bird and for numbers not reported by the observer. For example: 01/12/99 BB 2 means that on January 12, 1999, BB saw two birds. Then by looking on the observer list, located after the sightings, you can determine that BB is Bob Birder and on 1/12/99 he was birding C. Bickham Dickson Park.

Report bird records for the newsletter to Mac Hardy by the 15th of each month. All bird records reported here are observations of the observers and are therefore the responsibility of the observer.

JUNE NEWSLETTER BIRD REPORT – *compiled September 4, 2007*

Use the bird report to see what other birders have been seeing and where to go find the bird you want to see. Observers are abbreviated by the first and last initials. Dates and localities of observations are summarized under the observer's initials. Sightings are arranged by species. Following each species is a line of data in the following format: date, initials of the observer, number of birds observed, initials of another observer, number of birds they observed, etc. For the number of birds observed, a 1 is used for both 1 bird and for numbers not reported by the observer. For example: 01/12/99 BB 2 means that on January 12, 1999, BB saw two birds. Then by looking on the observer list, located after the sightings, you can determine that BB is Bob Birder and on 1/12/99 he was birding C. Bickham Dickson Park.

Report bird records for the newsletter to Mac Hardy by the 15th of each month. All bird records reported here are observations of the observers and are therefore the responsibility of the observer.

Black-bellied Whistling-Duck -- 05/12/2007 PD 1

Wood Duck -- 04/22/2007 BillW 4; 05/12/2007 RS,VL 2
