

Sandhill Cranes

February 9, 2019. These **Sandhill Cranes** were seen from I-49 between mile markers 151 and 152 looking east near the Powhattan Exit. A group of BSG members were retruning from a field trip south of Alexandria near Cheneyville specifically to find Sandhill Cranes but saw none. It was fitting that they spotted them on the way home.

Rufous Hummingbird

February 7, 2019. This hummingbird was seen in Shreveport and banded by Paul dickson.
