Photo Page Four

Vermillion Flycatcher

Initially seen during the IBBA Bird Banding Fieldtrip led by Jim Ingold on October 14, 2000. This bird is still present at C. Bickham Dickson Park, Shreveport, Louisiana in December. There is speculation that it may overwinter here.

Immature male(?) Rufous/Allen's Hummingbird

First seen in the Trahan's yard on November 16, 2000. This bird is still being seen in December.
